

# 250HP Powertrain Motor Controller

## SEPP 250MC

### Features:

- 3 Phase, liquid cooled, AC inverter, dual bridge
- 640Arms, 200Vrms, L-L peak output
- 260 to 400VDC input voltage range
- DSP controlled, Vector control
- IGBT power switches

Integral 200A 12VDC auxiliary power

- Programmable performance, digital interfaces
- 650mm X 483mm X 166mm, 90lb.
- 650mm X 406mm X 166mm, 70lb. without aux. power
