

Automotive Turbogenerator Converter

SEPP AT100

Features:

- High voltage interface:
250VDC – 372VDC
- Output power range: 5kW –
50kW
- 98% efficient
- Small footprint: 1 cu-ft
- Light weight: <45 lb
- Liquid cooled
- Interface to permanent magnet
generator.
- Reprogramable microprocessor control
and system interface
- 6kW turbine starting function
